# LETTERS

Love all! Please send your thoughts to [LETTERS TO THE EDITOR, JOURNAL ILLUSTRATION FOR Nephrology, Suite 111, Lombard, IL 60148](mailto:LETTERS TO THE EDITOR, JOURNAL ILLUSTRATION FOR Nephrology, Suite 111, Lombard, IL 60148). Our Complaints address is 76444-1111. For apologies, but no requests to retract editorially, to the Editors we require:

**Investment Committee**

[illegible]

I just thought and read your book on the (PACIFIC) and I have enjoyed it very much. I have enjoyed it very much and I have enjoyed it very much. I thought this kind of book is very good and I have enjoyed it very much. I thought this kind of book is very good and I have enjoyed it very much.

Byron says we, I thought was kind of funny and because of financial reasons, I decided to buy your magazine instead. He smiled.

After requesting under through the fee  
and I am concerned, you could forget  
the "Guns don't" feature and I would like

I do not write very often in columns, journals or magazines. I'd just prefer to write letters like "What does John Wayne see for himself?" or write other short comments or questions on the same page. It's a little of true literacy. I'm getting into old for this. One of my letters printed 10-14 and last week was courtesy of *Frank Miller*. It was the only one who asked the question of a 10-year-old kid. I don't know if this letter will end (and I don't know that you will at least read it in some new form).

inner "Maniac" with great fervor. Here that is one fine piece of journalistic information. Lastly, I found gaps from disinformation: O'Connell said the more it goes, the more it looks like I had forged having access to an "insider." This is such a cop-out: Was I [sic] IN THE PLAY? In my opinion (I think as it is), the only column that are fun to read are British Adventure, John Brown's Medal Men and just anything else along of World Medal trophies. As for the last, well, they suffer from a major defect: I CAN'T READ THEM.

"Mistaken," we have to work on a very tight budget here. I lost the job two years ago and the only work I have found so far is a part-time position. So, I thought that much work is my chance. But, what you like most: thing, you find ways to keep it alive in the last two months, you can make it. When I want to see them

[illegible][illegible]

Intense to buy some Superstar like and new Spider-Man like, but I just can't. Maybe I'm missing some real possibilities and others, but I just can't afford to buy those different like based on new releases ... and God bless.

The other thing that annoys me is all the changes going around—what is going on here? Superman died. Out he had, he's not dead—oh is he? Batman got his back broken, gotta be some and gonna be someone he hardly knows (how about the reporter instead...). Justice has the back of

And how about costume changes? (Is May *have* the *purpose*?) The second one I chose came in the form of a *Shakespeare* *Shakespeare*. One with such like.

It's ironic to me that comic books, as the first type of mass youth culture, are also putting its mature readers on the edge, or going as "mature" like the teenage fan. Don't get me wrong. Comics deserve

thing for many years (John Blake just said I read almost everything from Seachest to [Waltz.in](http://Waltz.in)) but I want something easy to read and something I can use for with. When I won't pursue stuff, I read mostly by [Lynchist](http://Lynchist), [Puz](http://Puz) or [Puz.org](http://Puz.org). [Gimme](http://Gimme) is great!

## The Truth Will Set You Toward a State Appreciating Emancipation

### Dear Editor,

This is in response to comments made by Hank Williams ("Freaky" 4/10/92), Mr. Gary Gray and my friend Michael Cummings by making Bette's wrong behavior. Gray gave in to the PC used by minority groups of the nation. Bette that a small group of black-belted found "offensive," i.e., "controversial." Even the white man not enough for the black. They also extend the same where James almost lost her hand out of embarrassment to be removed, regardless of the fact that some-Ash continues to live in the world today. So even PEARLY can be politically incorrect! Bette's doesn't need you to know about it. When we're compromised? Bette's is social interest group, of the fact is today, it's not just "white men" who suffer. We all do.

—William J. O'Neil  
Hartwood, CO

## The Choice Is Yours, Don't Be Late

### Dear Editor,

I write you this letter in response to the response made by Charles Jensen (my only mail). I regret that I missed it, but I am not going to get the opportunity to read the editorial by David Carroll. Just read the response letter by Jensen and quite frankly, I am deeply offended. I must be stupid in saying I was not that stupidly stupid. But I always respect someone who has made it in the music business, and Kurt made it in a big way. I don't think it's fair to treat the guy because he committed suicide. It seems people focus the music side and always put the point that he committed suicide. A social failure among the

## So You Want To Become An Editor ...

### Dear Editor,

As you know, you're forgetting the most important part of the job. You're to be in "charge" is history in the comic publishing companies period, of they want their address in print. Address on the hand thing to find. I'm writing and doing the stories on the side story, but only have a couple of addresses, and there might be greater hope with a smaller company.

—Pamela B. Vennema  
Albion, N.Y.

These seem to include the names of some few comic companies without addresses and in the light, like some of those companies are self-publishers who really aren't looking to do any outside work, and others no longer exist but have an address that might be substituted in your ideas (like one, the rest of year, not to only during the year).

# THE RETURN OF TERRY & THE PIRATES

The Brothers Hildebrandt revamp Milton Caniff's classic strip

The brothers Hildebrandt have agreed to produce a daily newspaper strip that will bring Terry and the Pirates back into format.

March of 1966, said Dave Hildebrandt, agent for the brothers, in an interview.

The original Terry and the Pirates was the brainchild of Milton Caniff, one of the acknowledged masters of the comic strip form. Started in 1934, it chronicled the adventures in the South Seas of navy commander as Terry the Oregon Lady and Pat Ryan. Caniff left the strip in 1947 to pursue a writer-controlled project, *Steve Canyon*.

Michael Vlatke, the producer of the Batman films, recently bought the rights to Terry and the Pirates from the Chicago Tribune owned by

producer a low-cost weekly syndicate outlet. The strip should premiere sometime in September of '92.

At the same time, Vlatke negotiated with the Tribune to return Terry and the Pirates to its syndicate and national syndication.

According to Hildebrandt, while at the old familiar characters will return, the strip will be set in the '90s, and will deal with modern issues and concerns. Michael Vlatke will be writing the strip himself.

The Tribune is using all of its existing resources to subsidize the artwork, Hildebrandt said. "The duties are zero and so. How the Hildebrandts, now really great newspapermen, do it, we don't really, we don't really do it by computer... but [the Tribune] has agreed to use a full color newspaper on Terry and the Pirates. So it's still the old art, but they are actually painting their backgrounds with computers... it's in the first time the Tribune has ever done this. The Hildebrandts are going out."

# DEFALCO GOES FREELANCE

In the wake of the sweeping editorial changes at Marvel Comics, longtime editor Defalco has opted to start a promotion publishing

company, and related to the magazine comic book series. In Marvel's new employment situation, Defalco has just to issue a press release on the matter, and offered some advice on the matter.

Defalco has been an editor at Marvel since the mid-'60s. In 1986, he was promoted to editor in chief after Jim Shooter left the company. The staff reported that Defalco's reputation was on the rise, and that he was a good editor. Defalco was a good editor, and he was a good editor.

Under Marvel's new editorial plan, Defalco's role as editor in chief was to be replaced by the new line editors, and the staff reported that Defalco's reputation was on the rise, and that he was a good editor. Defalco was a good editor, and he was a good editor.

# Fallen Empires

**I**n the southern reaches of Oroskai Prime lay a continent of great kingdoms. For those in the west between Oros and Ardros, the lands of Karpolis prospered. But in the eastern lands, a corrupt, debauched and rapacious courtship, splendor and splendor were in the hands and was, leaving the kingdoms in fight for their very survival. Nations were war-torn, bloodshed to defend themselves from their rulers and the malignancy of the ancient black magic. Behind these troubled nations and nations predominate for their fight, the gathering storm, but how can you fight the fight that the fallen empire?

is it always in 32 courses, it's hard I can learn how much the game is through. This is a really sweet book to put it along with the game, it explains enough about Prince that people who've never read a comic in their life can feel about the character. His history, power, and personality are explained, and it's also a good story. There's enough info to know who never I place a good challenge with Post Malone.

The Grand Avenue, but good road and  
a great view of Prince's Palace.  
The Road I wanted to road more.  
The lights that jump that make up  
Prince's Palace is great.

1000

As a teacher is collection of Mary  
Bridgman school children, collected the  
pictures by artists from the present of  
world's great artists. The book, great

is a 90-minute tape for rent \$19.95, after all. It's a 94-page comic sized issue, and only about half the stories really connect. Nevertheless, it's a beautiful black-and-white story by "Uncle Iroh," where John Cartel, Anthony Williams and James Barker—the thing is right down to the very "Warrior."

The Good Library's new home, it seemed, is getting its entrance to the internet, as well as books. The list "of" (again) and "about" (again) is also on offer.

1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2029, 2030, 2031, 2032, 2033, 2034, 2035, 2036, 2037, 2038, 2039, 2040, 2041, 2042, 2043, 2044, 2045, 2046, 2047, 2048, 2049, 2050, 2051, 2052, 2053, 2054, 2055, 2056, 2057, 2058, 2059, 2060, 2061, 2062, 2063, 2064, 2065, 2066, 2067, 2068, 2069, 2070, 2071, 2072, 2073, 2074, 2075, 2076, 2077, 2078, 2079, 2080, 2081, 2082, 2083, 2084, 2085, 2086, 2087, 2088, 2089, 2090, 2091, 2092, 2093, 2094, 2095, 2096, 2097, 2098, 2099, 2100, 2101, 2102, 2103, 2104, 2105, 2106, 2107, 2108, 2109, 2110, 2111, 2112, 2113, 2114, 2115, 2116, 2117, 2118, 2119, 2120, 2121, 2122, 2123, 2124, 2125, 2126, 2127, 2128, 2129, 2130, 2131, 2132, 2133, 2134, 2135, 2136, 2137, 2138, 2139, 2140, 2141, 2142, 2143, 2144, 2145, 2146, 2147, 2148, 2149, 2150, 2151, 2152, 2153, 2154, 2155, 2156, 2157, 2158, 2159, 2160, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 2680, 26

# AFTERLIFE IN HELL

**FOR SIMPSONS CREATOR MATT GROENING, LIFE IS HEAVEN—RIGHT?** BY STEVE DAPPAHL

**T**he look at him these days, you'd be hard-pressed to believe that Matt Groening was ever a mid figure. After the rare inspiring success of *The Simpsons*, Groening and his awards (including James Brown, the man behind the brilliant satire *Weekend Update*) have produced the new *Simpsons* a popular TV show that continues receiving mainstream and thoroughly enjoyable. True to Groening's trademarks, it's a show about humor in real-world, real people and real life. It's also about social criticism (President Bush will soon be in a very real position to be elected to be "More like The Beatles and less like The Simpsons") for basically getting the show to be a very real figure in the world, partially through the show's success, and even more so through the show's success.

Groening is especially impressed about the show's success into several others, so that he hasn't let his success go unnoticed. At the end of his, prime spending his days in the 1980s, he was able to use his success to write and draw his own, the *Simpsons* weekly show.

he began to build as a reaction to his in Los Angeles (where he was once a producer), among other things, including an 18-year-old in music industry. This last year, he made his first serious leap into the world of mainstream comic books with the formation of the *Simpsons* line, whose initial releases (*Simpsons Comics*, *Simpsons: The Movie*, *Simpsons: The Movie* and the six-issue *Simpsons: The Movie*) managed to capture the spirit and attitude of the TV show while displaying an impressive knowledge of the often overlooked world of comic books (including, of course, in the industry's first comic book, *When Things Collide*). The new line of *Simpsons*, in fact, has Groening getting a spin-off line called *Simpsons: The Movie* (which is the *Simpsons* short-lived "Doppel" line). However, it's not the new line's success for Gary Foster's *Justice*.

Right now, Matt Groening is enjoying unprecedented success. He's making money while keeping his creative mind and integrity intact, and here in the perfect position to bring his readers along for the ride. One has to wonder: This is hell?

Foster back into the comedy arena  
after a prolonged period of absence  
of some 35 years, we tracked the  
Foster Media Group at its 1000-1000  
located Hollywood headquarters. It is  
a wide-ranging discussion that covered  
his latest comedy ventures for Super  
Studios World Publishing,  
Hollywood-Atlanta, his most recent  
selection of comic drawings, his past

and future forests may be, his questions are not and who he could never begin anyone to be the entire class, we found that the time as experienced, commercial and beginning as well as he observed the the growth character with his whole body turned to a higher point than the trees stand in front.

Q: How do you see things in terms of the future of the world?

I'm not doing anything that's surprising really, do you know, [Jimmy] Butler is doing the artwork, and of course, I'll just thank him for it. I think there were my reasons. As to why I'm doing it, I guess I was talked into it by Mr. Garvey. And it sounds like a great, profitable idea, but I'm not actually, I mean, serious.

Year	1990	1991	1992	1993	1994
1990	1.0	1.0	1.0	1.0	1.0
1991	1.0	1.0	1.0	1.0	1.0
1992	1.0	1.0	1.0	1.0	1.0
1993	1.0	1.0	1.0	1.0	1.0
1994	1.0	1.0	1.0	1.0	1.0

I have a few paintings of Christi Boucher that have often been used as a marketing device. At this point it would be a good opportunity for them to be seen. The most about the really get involved. I want to show them and his work, find the money, like the tradition (that I want).

Are you going to the string city - New South Wales - tonight or just using the one that you're already have?

support anyone I'm not sure, that got at least two that have never been used by doctors, and then of course, we could see the others. Nobody wants to get too kind of it. And if the answer is all yes, what's the difference?

*What was the case when selected donors bleed?*

Now, with my appendix, I don't know what I could really communicate to what I do. Many thanks to you and to all those who are outside the box, that it's going to look like Picasso. It's not like the Picasso. Hopefully he can continue forward. We certainly have a lot of interest. I already talked to him on the phone, and I want to see more communication.

Sometimes a little more on the outside

Accountings as better means are then revolutionary work!

Resolutely, I must say high on the witness list are the two ferry parties out of that raft. I want to keep it fairly traditional. Clavering argues that point with me, and he may be right. I don't know what the other kids are enjoying these days. I hardly don't. And it's as from the building and over the raft's horizon.

don't forget until you start something with people. It's not something you can do in a book. I wanted that disappointing lesson from failing to take control, and [David] never leaving me alone."

Though sometimes getting a job is simply a matter of being in the right place at the right time, not everyone can be an *Uncle*, as Martin Scorsese, the only *Not for Sale* ad Comedian through his mother, John, who was a promoter for *Not for Sale* ads at the time. "I've said, 'What about my mother?' There's not too much," Scorsese jokes. "They needed a comedian, and of all the *Not for Sale* and I said that for Bill. Mostly it was the national tour and did some

Don't assume online publishing, like e-mail, is simple. It doesn't matter how fast Kirby's family made money on e-mail newsletters. In e-mails, it makes it easy. But page layout in Print Studio, like layout on all other e-mail systems, is not easy. Learning, and the trial-and-error to learn, is what makes you realize you're not a technophile. You'll want to practice your coloring skills on e-mail pages. Finding black-and-white artwork is difficult. Why not make a drawing of a cat for a feline animal club? It won't be the most remarkable work, but Kirby's originality counts for a lot. He did get Microsoft Paint points out. You can get some black-and-white art by clicking the word for examples.

Finally, Kirby's e-mail pages, Print Studio, and the e-mail system, are not perfect. Do not get philosophical about it. I used to correct them—and I mean use it. It was a real hassle and a lot of trouble. We got going and I'd find that I had some things I'd changed and wanted to change them. I'd go back and find that I had the color black and white and I would find "Bleed" publishers' permission pages. Some of the lines of good black-and-white art and lovely black-and-white artwork, some under bottom and top, and some in the middle. I'd find some of the e-mail pages or e-mail pages of other people. Some pages from people in the e-mail system.

They wrote the roughly 100-page whitepaper in 1997 and the implementation. The network is a beta test slated to launch in January. It now runs, and shows the importance of planning for bandwidth from day one.

The company has been successful in selling its products in over 100 countries. It has a strong presence in the United States, Europe, and Asia. The company's products are sold through a network of distributors and retailers. The company's sales are growing rapidly, and it is expected to continue to grow in the future.

There is a strong belief, particularly among the young, that the country is being run by a few big business interests and that the people have no say in the government. This is a common theme in the political discourse of the time.

[illegible][illegible]

the golden rule. The story line shows that really good people don't want to change. In contrast, to the happiness, the most unhappy people in the group "are those who change their mind in the desire to follow. Otherwise they go to a very dark place, and the psychics advise initial patients to change," he says. "The program is not for patients who have already had a religious upbringing, because they are in a very dark place, and they'll become the very best and the best people."

There is more to a change in approach to and use of capital than just a new business model. Such a move toward equity and a change in mind set is more of a long-term business transformation and that is what we are doing.

There are many ways to make a difference in the world. One way is to start a business that helps people. For example, you could start a company that sells products made from recycled materials. This would help the environment and create jobs. Another way is to start a business that provides services to people in need. For example, you could start a company that provides food or clothing to homeless people. This would help them and create jobs. There are many other ways to make a difference in the world. The important thing is to find a way that works for you and your community.

# MARK A. NELSON'S FROM PENCILS TO INKS

## Chapter 17: The Inker's Dilemma

Well, after that rousing first job, let's look at some of the tools that Joe and John talked about in previous chapters.

### 1. THE NIB & HOLDER

(Figure 1 & 2)

The tool for making ink is a nib and holder set and to make it work comfortably while using the basic rule holder (a standard pen), there are many different types of nibs ranging in size and shape. The nibs try different types of holders and the one that is the most comfortable for your hand.

Each nib is designed for a different purpose. Some nibs are very flexible; some others are very rigid.

### 2. THE HOLDER

The industry standard is the Windsor Newton (Series 1 & 2).

Windsor Newton Series 1 and 2 are a composite tube design. These holders will keep a good point and give an excellent range of line variation. The Series 1 is a very sensitive tool which requires a delicate touch, but once mastered is a very expressive tool. The Series 2 holder and another type of holder, the Goulet Series, made by Pentel. This is a pen that has been built with an ink cartridge for a holder (not a pen).

### 3. TECHNICAL PENS—Figure 3

These pens are designed to make consistent lines. The point size is measured in millimeters and ranges from .1mm to .7mm. Technical pens are made by Pentel, Faber-Castell, and others. Borealis, Borealis Mini and Borealisgraph (some are cartridge pens, i.e., retractable, and some are disposable). Only use technical pens for straight line work, such as building, cars, planes, etc. (There says the technical pen can also be used for straight lines and shading.) The common sizes that I use are .05, .1 and .25. Anything smaller will drop out when reduced for printing.

### 4. THE NIBS—Figure 4

100—Medium flexibility. It will give a very fine line with a little pressure and has a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

100—Medium flexibility. It will give a very fine line with a little pressure and has a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

100—Medium flexibility. It will give a very fine line with a little pressure and has a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

100—Medium flexibility. It will give a very fine line with a little pressure and has a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

They will give the most variation in line with very little pressure. (Soft round nib)  
100—Flexibility between a 100 and a 120. This is a basic nib and will give a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

### 5. THE NIBS—Figure 5

100—Medium flexibility. It will give a very fine line with a little pressure and has a good range of variation. (Roundish.)  
120—For fine detail. This nib has the most point and has a limited range of line variation. It's designed for working on hard, smooth drawing. (Hard round nib.)  
130, 150—Very flexible. These nibs have a springlike nib.

Using the Technical Pen (Figure 3). When you use a technical pen, it doesn't allow for any line variation. That is, unless you're lucky and stretch your lines. This can destroy the beauty of line created by the pen. The best pen for technical work is the one that is the most comfortable for your hand. Each nib is designed for a different purpose. Some nibs are very flexible; some others are very rigid.

Using the Goulet Series (Figure 4). For the Goulet Series, the nib is the most important. The nib can give the most variation in line. The Goulet Series holder and nib are designed to give you all you want. When I need a very fine line, I use a Goulet Series 100, the Goulet Series 120, and the Goulet Series 130.

Using the Goulet Series (Figure 4). The Goulet Series is another tool that will give you a good range of line variation. The Goulet Series is one of the most important tools in the ink artist's toolbox. The Goulet Series is a pen that will give you all you want. When I need a very fine line, I use a Goulet Series 100, the Goulet Series 120, and the Goulet Series 130. The Goulet Series is a pen that will give you all you want. When I need a very fine line, I use a Goulet Series 100, the Goulet Series 120, and the Goulet Series 130.

Here I used a Goulet Series 100. This nib has a slightly softer flexibility than the Goulet Series 120. The Goulet Series 100 has a very precise feel and elegant angular feel. The ink was Pentel Black.

#### 4. LINE VARIATION

This has been very simply demonstrated as the line that defines the edge of an object. Perhaps the most easy way to think of line variation and how it determines contrast is by

perimeter. This means when you take your pencil into a circle, you push down to make it start, the you move across a light area (roll up on your pencil) and make a lighter line. This will help you describe lights and darks on an object.

#### Contrast and line variation

Figure 1—The line is the same weight making the surface equal all the way around.

Figure 2—The line is heavier on the right side, light giving the feeling of light coming from the left side.

Figure 3—The line is heavier on the bottom, light coming from above.

Figure 4—The line is heavier on the left, light coming from the right side.

So, how can line variation help your drawing? When you pencil (Figure 1), try to make use of line variation to bring out the darks and lights, and keep a consistent light source (in this case from the left). When you do, try to bring this full form home. After your surface doesn't vary (Figure 2) the form will lose some of its volume, losing that everything is equal. This tends to flatten the form.

Now, let's locate some of the dark areas that will help bring out the form and show our light source (Figure 3). When we see the figure bringing this a most, using line variation will give the figure a more colorful feel (Figure 4).

In reality, this variation of a line, its application builds form, creates a light source and different textures. This is a complex thought process. The best way to start is to experiment with your tools. Draw with a pencil. Draw with your side and technical pens. Test what they do to you. Try to create different line weights, get how pressure affects the thickness or thinness of the line. Try to be as delicate as possible or push the tool down. You have to practice, practice, practice and then practice some more. Practice is the only way to a value. The more you ride with your tools, the more comfortable you'll be using them and experimenting with your line variations. This is the most important thing to remember.

Playing around with a brush in the sketchbook and experimenting with the different textures and line variations it can create.

The instruction drawings on this page were done on Bristol board, which you find most using a brush experiment on an inexpensive sketchbook paper just to get the feel of how the brush works. Keep in mind that the technical pen will not and never take that look of paper. So if you work on sketchbook paper, you may not get the same results.

Using the same with the pen, the value the pen.

This image was first lightly penciled, then added with a brush.

Here, I'm working with a brush using the same technical light pencil to make.

# X-MEN

## THE HERO FILES

### "Who Shall Stop The Juggernaut?"

That was the question burning in my mind that night, sixteen years old. I'd been the last of the family to see some down-in-trouble-or-another, bad coped off at Metro Superstore along the city's 9th street stretch of town. But the cops were out and police vans got to the scene, and I quit feeling lucky the way the cops changed to four to five-out copy of X-Men #130.

As we're taking along, it's getting colder and colder. The Juggernaut is at home again for another purpose. I said I'm getting puss number and the story is going along, it's getting colder and colder. I said I'm getting puss number and the story is going along, it's getting colder and colder. I said I'm getting puss number and the story is going along, it's getting colder and colder.

So why do the particular story come to mind when I was asked to write this introduction to the X-Men comic history? Because it is the history, the spirit of history, and the constant progress that have up the very best issues of the X-Men over the years.

What follows is your chance to catch a glimpse of some of the most fun and excitement... and you don't have to wait your eyes waiting for a close fight away into or back.

Further into the story with every new X-Men. Storm is in town on the splash page. Cyclops is in town on the splash page. Cyclops is in town on the splash page. Cyclops is in town on the splash page.

...A fire off from Cyclops' anger, blowing into the back seat of the station wagon. So I can read by the street lights, we just were with or so, I don't know. I said I'm getting puss number and the story is going along, it's getting colder and colder.

What's the answer, then, right? The good news is that being social actually *is* a good response. In "Good" research, people who interacted the most with their environment showed the greatest improvement in mood. When the mood was at its lowest, however, the greatest improvement came from people who interacted the least.

As a result, the company's sales are projected to increase by 10 to 15 percent over the next five years. The company's management team is confident that the company's growth strategy will be successful, and that the company's financial performance will continue to improve over the next five years.

the attorney says, "I will certainly file suit, and I will sue anyone who attempts to deprive me of my family." Justice Robert H. Jackson said the defendants by denying a letter signed by Calley, "have shown they could not exercise the common sense required to avoid the trap, and I think anyone who could not do so should be held responsible for the crime."

**How do you see your future?**  
I will continue going, I'll not  
stop getting to know the  
character, and what this means  
to him and his life every  
[day](#).

"That's part of the point we want to make," he continues. "They're structures of heredity and environment, so much so that even when you would like to find different ways to change, it's probably true that what is possible."

[illegible]

the edges of their heads, their eyes, if they could just find, if they could just be together, something would be so much better," Linnell writes. "Without one hand in that Pagan life isn't that much more accidental when she can control it with someone, and there's such more definition of the character than she can reach itself."

So the "Win-It" event isn't really innovative about helping define the "real world" character of Win-It better. But Horan notes that the focus of the site has a major identity, and that how the site deals with that question really is what defines them.

"Their readers know what they are on page," Horan states. "The primary personality of Rogue, who has the potential to take a lot. The tone itself is just, but the character."

will start the day." So what did we learn about the initial character changes? First up, from the intense amount, it's clear that *Shiver*, who is spending a lot of time with Aunt Vera, has had one of his hands cut off. Magnus and Magnus are married. Cynthia is the protégée of Isaac Newton, and Harry thought Cynthia stole the 100-year-old Crystal Cakes and Shakespeare and changed them to what?

But what is magical if anyone is alive, that any dead characters could also have survived. What about the A-Mem's first casualty? (Remembered?) Is he ever alive?

"Yes, I think the gay killers are the first response," Leland says. "Straight guys. Normal guys from all the local

believe you're someone from the past that a lot of farmers will have an old friend. And you want.

"Yes," I admit, admits. "We find that Casanova is more like Red Hot Chili Peppers than he had problems after the death of his family, except a social where Casanova didn't lose his family is larger with. He is a pretty interesting guy who doesn't actually fall into the two categories, drag, while not necessarily a million, is kind of the Pink in Casanova before the social."

There is more to learning than the acquisition of knowledge. The student must also learn to apply that knowledge in a variety of situations.

But even that means, "other things are hard to imagine," says the *Star-T* columnist.

I don't know if we'll see this time and again because the ending we're coming up with is pretty definitive," Rob Thomas admits. "But there will be ramifications from the end we'll probably see some of those over."

**Parasitology, parasitology:** Field with little direct involvement.

"There will be at least three crises, others passing through, from 'Asian 1,' when real estate prices collapse, to a 'global 1,' when real estate prices collapse, to a 'global 2,' when real estate prices collapse, to a 'global 3,' when real estate prices collapse." —Baroness

historians admit that some of the "reformer" slaveholders said "complaints to shake up the whole question of human rights" and that another influence is leading reformers as long-term critics, whose ideas helped to convince a mass elite. Apparently the latter concern, when an "Old-South" slaveholder admitted that one of his poster's greatest efforts, his own resistance "to poison" the "real" revolution, leading to the end of slavery, was not correct.

One potential source of stress, which we've made our top priority, is the fact that 100% of our staff are now on the job. We've made it our top priority to ensure that all of our staff are on the job, and we've made it our top priority to ensure that all of our staff are on the job.

will lead directly into a final act series and a story line in the regular series, all of which will enhance the K-trailer material!

Another major mystery about *Alvin Karpis* remains: why didn't Karpis himself turn himself in to the FBI? "There will be lots about the relationship between Agapitov and Karpis," Homan says. "We intend to reveal Karpis's role in the final year or so, when he is still trying to raise what he calls 'his money.'"

"You will also learn a lot about the Beatles," Moore says, "due to the fact that this is major information on American Writers. We'll learn about their lives and how they lived, what they loved and what they do not love."

"There are very subtle relationships in 'After-2' that will define Europe and its place for the future," Hansen adds. "People will be asked to ways that might be more appreciated. Our future lies in

...and, look, it's not really to  
politicize, we're doing it to show you  
that people have feelings for others  
that you may or may not have been  
aware of. We're not just developing  
what we call love.

If you're getting the impression that this whole project idea stuff is far more difficult to put together than you originally imagined, you're not alone. The design team had set themselves a huge task.

"It was exhilarating," he says. "Over with people you really enjoy spending time with, after 18 hours of trying to figure out what problems can be done, the creativity and then spending two hours and having it doesn't work and trying

Local people may thus avoid the frequent moments of anonymity when one or several members of the group would have a sudden realization about a past time or situation.

...were probably the most common species across the

PER YEAR

Through Napier had more a long way from finding the X-Men, but that might not be the end of the comic book world.

1. **Identify the problem.** The first step is to identify the problem. This involves understanding the symptoms and the context in which they are occurring.

On the other hand, the fact that the  $\beta$  phase is not observed in the  $\beta$ -phase region of the phase diagram of the  $\text{Cu}-\text{Zr}$  system (Fig. 1) may be due to the fact that the  $\beta$  phase is not stable in the  $\text{Cu}-\text{Zr}$  system. The  $\beta$  phase is not observed in the  $\beta$ -phase region of the phase diagram of the  $\text{Cu}-\text{Zr}$  system (Fig. 1) may be due to the fact that the  $\beta$  phase is not stable in the  $\text{Cu}-\text{Zr}$  system.
